Subject: PSCD Meeting for Parents in Primary Schools

Parents and caregivers have a tremendous influence on a child's healthy development and well-being, particularly during the early stages of a child's life. It is of paramount importance that parents are aware of the topics and aims of PSCD so they can also engage with their children on topics of relevance and importance to the personal and social development of the children.

During PSCD lessons, children will also deal with growing up or sexual health issues especially with Year 5 and Year 6 students, therefore the involvement of parents not only acknowledges the role of parents or caregivers in their child's sexual health education but also leads to closer ties between the parents or caregivers, the school and the teacher.

The peripatetic PSCD teachers are therefore being asked to organize parents' meetings with your cooperation and support, as has been done in the previous years. Below please find the schedule and objectives to be followed by PSCD teachers:
